

## **Accession International Certified By Trace International**

**Washington, D.C.** - (December 15, 2010) [Accession International](#) is pleased to announce that it has been certified by Trace International as compliant with anti-bribery, anti-corruption, and Foreign Corrupt Practices Act rules and regulations as a commercial intermediary.

"Accession has always been committed to the highest business standards. So when one of our Fortune 500 clients requested we become a TRACE member and once we learned about the assurance TRACE provides our clients, we quickly began the enrollment process," stated C. Derek Campbell, Managing Director, Accession International, "this Trace certification provides validation of Accessions' commitment to ethical and transparent practices".

The report created on Accession International is available to other members of Trace, a non-profit membership based organization, whose purpose is to provide practical and cost-effective anti-bribery compliance solutions for multinational companies.

### ***Accession International, Inc.***

Accession International (AI) focuses on optimizing opportunities in the extractive and infrastructure development industries through the design and implementation of client-specific market entry strategies. AI has a track-record of effectively positioning clients to access projects in the Sub-Saharan African markets—particularly in Western and Central Africa/the Gulf of Guinea.

### ***TRACE International***

TRACE is a non-profit membership association of multinational companies and their commercial intermediaries committed to the highest standards of transparency. More information can be found at [www.TRACEinternational.org](http://www.TRACEinternational.org).
